- 主要扩展方式

- (回答-解释-具体-总结) *4

- 平行扩展

- *we like to do everything/tons of things/loads of together.*

- *we did a bunch of things during the journey.*

- *in order to do this job well, a couple of qualities are really important*

- *first of all=for starters=firstly*

- *plus=besides=also=apart from that*

- *another ... is that ...*

— 如果可以，讲个故事（时间、地点、人物、事件、感受）

- *how often you go there (describe a street)*
- *what you like to do together (describe a family member)*
- *who the family members are (describe a family you like)*
- *what the house would be like (describe a house or flat you would like to live in)*

- 对比

- *A is much/far X-er/more X than B.*
- *A is not as ... as B.*
- *A is the best .../X-est/most X I've ever seen/been to/eaten/ ...*

- *Describe a long journey by car*
 - *why you went on this journey by car*
- *Well, I went on this journey by car mainly because I'd always loved driving myself. I don't really like other forms of transport. **Once, I went to Sichuan by train and it was really uncomfortable. I mean, there were so many people in one carriage and they were being really noisy, which I found extremely annoying. So I think driving is far more enjoyable and comfortable than taking the train.***

- *Describe an interesting animal you saw*
 - *why you think the animal was interesting*
- *I found the monkeys there really interesting because it just seemed like they could never sit still for one second. I mean, they were always darting about and I think that was pretty cute. **That's a really big difference from my grandma's cat, which always sleeps and almost never wakes up. The monkeys at the zoo were much more interesting than it. Every time I go and pay my grandma a visit, I just wonder why she keeps this lazy and boring cat.***

- *Describe a time when you watched the sky
– how you felt about it*
- *How I felt about it ...well, it was definitely a very memorable night. The stars were simply breathtaking, I mean, so gorgeous. It was probably the most beautiful thing I'd ever seen. You know, I live in Beijing where it's always pretty smoggy, so sometimes you can't even see the moon at night, let alone stars. I don't like it at all. But that night in Inner Mongolia ... God, it felt amazing.*

- 如果题目本身无法说到两分钟:
- 展望未来
- 编一个和题目有一定关系的未来的事情 (时间、地点、人物、事件、感受)
- 一定要具体
- *By the way, I'm going to .../I plan to ...*
- *Speaking of this, I'm actually going to .../I'm thinking of going ...*
- *Hopefully, ...*
- *I'm really looking forward to that.*
- *e.g.*
- *Describe a family member you often spend time with*
- *Describe a long journey by car you went on*
- *Describe a special trip you would like to go on*

- *Anyway ...*
- *Um, this word is just on the tip of my tongue.*
- *Um, my mind has gone blank.*
- *I'm a little tongue-tied.*

- *Describe a street you like to visit*

- *you should say*

- *where it is*
- *how often you go there*
- *what you do there*

and explain why you like to visit this street.

- *Well, I'm going to talk about a very famous and popular street in Beijing, called 王府井. (介绍) It draws loads of shoppers and tourists. I mean, tourists both from other cities and countries. (where) It's located right in the heart of the city, not very far away from Tian'anmen Square.*
- *I only go there from time to time, (具体) something like 2 or 3 times in a couple of months. I wish I could go more often, but my home is not near there at all and also, I'm always pretty tied-up with my studies.*

- *I can do tons of things there, (具体) like sightseeing, shopping and so on. (更具体-1) I can do some sightseeing because there are a few historic sites. (更更具体) The most popular one is a Catholic Cathedral which dates back to 100 years ago. (更具体-2) Plus, there are many chic clothing stores, boutiques as well as name-brand factory stores there, so it's a fantastic place to shop. (故事) For instance, I went there with a very good friend of mine Peter last Saturday and I bought a pair of Nike shoes at the Nike factory store.*

- *I think I really like this street simply because, as I mentioned earlier, there are so many things to do there. I mean, if you go to a big shopping center, you can only buy things, right? But if you go to this street, there's a big variety of things you can do. (对比) I've been to tons of famous streets all over China, but none of them is as good as the 王府井 street. This is definitely the best I've ever been to.*

- *(绝对位置) 敬明 and his parents live in the northwestern suburb of Beijing, in 昌平 District, to be exact. I live close to the North 4th Ring Road, (相对位置) so it takes me about an hour to get to his apartment by subway.*
